REQUEST FOR COMPLIANCE

What to do if you feel your rights have not been provided:

Colorado state law provides that affected persons may enforce compliance with the provisions of the Constitutional Amendment by notifying the Crime Victim Services Advisory Board.

You must first attempt to seek compliance at the local level. This may include, but not be limited to:

- Contacting the person you feel has not provided you with your rights, explaining specifically what has not been done.
- Contacting the Elected Official or Head of the Agency you feel is not providing your rights and seeking their assistance in receiving your rights. Contact may be verbal or in writing. Accurate records of your efforts to seek compliance at the local level will be helpful to you and to the committee, should a formal request be filed.
- Seeking assistance from the Victim Advocates with whom you have been in contact, or other supportive persons, such as your therapist.

If all local efforts to obtain your rights have failed, you may request assistance by contacting the Division of Criminal Justice, Office for Victims' Programs at the address and phone number below:
