*The
Office of
Retention*

*is here to support you,
encourage you, and
show you PCC cares about
you and your success.*

Our mission is to foster higher learning, student success, and service to our communities.

PCC is a premier teaching institution providing students assured success pathways to relevant and progressive career, transfer, and personal growth opportunities.

We value our students, our employees, and the diverse communities we serve.

PCC focuses institutional attention toward the effort of retaining students and realizes the most critical areas are comprised of: pre-admission & admission, orientation, advising, intervention, instructional support, student engagement, research & evaluation, and accountability & reporting.

"That class was a very strong, emotionally encouraging class, that provided me with good structure and tools that I needed for the success."

Past First Year Experience Student

SUBJECTS

BIOLOGY	MATH
105	030
106	060
201	090
202	099
204	121

Supplemental Instruction is when a tutor is connected to a high need course subject, sits with the class and schedules out-of-class tutoring.

Helping Students...Grow!

The **Math Connections program** is a FREE opportunity for math students to develop a mentoring relationship with a caring Pueblo Community College faculty or staff member. The Math Connections Program at PCC is designed to offer role models who serve as an advocate for students by identifying resources, offering support, listening to concerns and providing advice.

$$(a+b) = 2b - 4c$$

S.T.E.P.S. For College Success
Strategies for Creating Success in College & in Life.

Pueblo Community College

In this AAU class I've learned to become a successful student and to use some of the skills I've learned in this class to overcome obstacles. —Christine Hightsheld

This class really helped me learn more about Pueblo Community College. It also made me realize that I can handle all the tasks that I need to do. —Cristin Mayle

This was a great course for me. I learned more about myself than I could in school. These final projects made me realize that I can do it. Thank you PCC. —Cristin Mayle

I had a great time in the AAU class at Pueblo Community College. It gave me a very good experience in my life and made me realize that I can do it. Thank you PCC. —Christine Hightsheld

As a new student I found this class very helpful and enjoyable. The whole focus of this class has been to help me succeed if not only as a student, but in life. —Renee Simonson

This is a great experience. It really helped me realize that I can handle all the tasks that I need to do. —Cristin Mayle

AAU is one of the best programs I've seen in college. It really helped me realize that I can handle all the tasks that I need to do. —Cristin Mayle

AAU is a great class that helps students realize that they can do it. It's a great experience and it's a great way to learn. —Christine Hightsheld

The AAU class helped me realize that I can do it. It's a great experience and it's a great way to learn. —Christine Hightsheld

S.T.E.P.S. For College Success is a two credit **First Year Experience Course** designed for new students to provide strategies for success in college and in life.

The course includes practical study skills within assignments, 21st Century technology, and classroom presentation

techniques, peer mentors, tours, and campus engagement opportunities.

Research shows that students who complete a **First Year Experience course** are more academically successful and better prepared for college life.

SUPPLEMENTAL SI INSTRUCTION

Scholarship Recipient Advising: A process to help students take full advantage of campus resources, connecting students with program advisors, and monitor student needs and academic progress.

Appeal and high need advising: The Office of Retention provides that extra support and attention that some students need to accomplish their goals and dreams.
