

## VIRTUAL CAMPUS

Virtual Campus courses involve either limited or no attendance at the campus, depending on the class. Instead, these courses allow you to use a computer (at a place and time convenient for you) to access course content. In some cases class meetings are conducted on the web as well. Your instructor may post examinations on the web or ask that you take them on site at the institution. For more information on these courses, call the Virtual Campus Office (AB 213, 549.3343) or visit the website at [www.pueblocc.edu/academics/AlternativeEducation](http://www.pueblocc.edu/academics/AlternativeEducation).

Log-in directions, information about the online orientation and announcements from the Virtual Campus Office can be found at [www.pueblocc.edu](http://www.pueblocc.edu). Click on the Virtual Campus link. **Students must have a valid e-mail address to register for these courses.**

## Hybrid Courses with Lab (OHC)

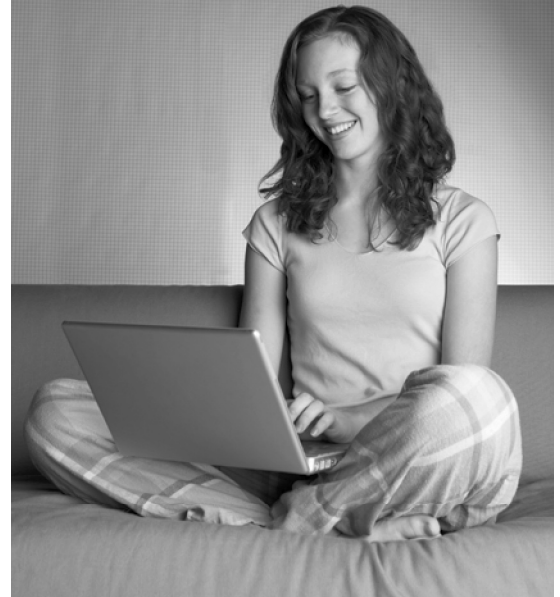

The lectures for these courses are provided on computer CD or DVD media. A weekly lab is required and the courses also involve additional online components. The lecture materials may be checked out at either the Pueblo Campus Library or Fremont Campus Library.

## Hybrid Courses (OHW)

These courses are offered on campus with an online component. The online component is used to reduce the amount of time required in the classroom. The amount of reduced in-classroom time will be determined by the individual instructors. Required on-campus meeting time/place is listed in class schedule.

## Hybrid Media Courses (OHM-5HM)

Lectures for these courses are provided on computer CD or DVD media. These courses also require additional online components. Students who register in any of these courses must be able to come to one of the campus locations – Pueblo Campus Library or Fremont Campus building.
