HAPPENINGS

Gateway info session

If you know someone between the ages of 17 and 20 who has dropped out of high school, encourage them to attend the Gateway to College information session that will take place 5-7 p.m. Monday, May 17, in GATC-226. The program provides an alternate means to receive a high school diploma while earning college credit simultaneously. RSVPs are required by calling 549-3092.

Learn about Medical Coding

An info session to explain the new Medical Coding certificate program will take place from 5 to 8 pm Thursday, May 20, in our Fortino Ballroom. You can prepare for an entry-level position as a coder in an acute care hospital, ambulatory care facility, physician office, long-term care site or other health care settings. For information, call Ginny Sullivan at 549-3317 or e-mail Virginia.Sullivan@pueblocc.edu.

Pre-College grads to be honored

Graduates of the CETD's GED and Alternative High School Diploma programs will be honored during the next week. In Pueblo, there will be an Awards Brunch at 10 am Friday, May 21, in the Fortino Ballroom. The commencement for them will take place at 6 pm Monday, May 24, and this year it will be held in the State Fair Events Center. The extra space is needed because the ceremony will honor 114 students from Pueblo City Schools, Pueblo School District 70 and the PCC GED program.

Then on Wednesday, May 26, the graduation for the Fremont County Alternative High School Diploma Program will take place at 6 pm at the Harrison School in Canon City.

Everyone is invited to come out and pay tribute to these students for having turned their lives around.
