

Emergency Medical Services · Certificate

Program Description- Emergency Medical Technician (EMT) Certificate

This program prepares students the knowledge and skills needed for scene management, emergency patient care and transport. This includes scene safety, patient assessment and treatment, medication administration, documentation and patient transport. Upon successful completion of the program, students may take the National Registry exam, and upon passing the exam, you may apply for Colorado State Certification at your level of training.

All Health & Public Safety programs have essential functions you must be able to perform for you be successful in the program and career.

Note: You must undergo a background check and drug screen before we can officially admit you into the program. A felony, loss of license, administrative disciplinary proceeding for negligence, malpractice, recklessness, or willful or intentional misconduct may prohibit entrance into the program and/or eligibility to sit for licensure exams.
