

Pueblo Community College Clery Act Manual

PURPOSE

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ([20 U.S.C.A. §1092\(f\)](#)) and implementing regulations, [34 C.F.R. §668.41 and 668.46](#) ("Clery Act") requires colleges and universities receiving federal financial assistance to gather and make public information about certain crimes occurring on or near their campuses and to publish policy statements concerning campus safety and security. This document outlines the institutional responsibilities and procedures for complying with the Clery Act.

Pueblo Community College (PCC) will comply with all requirements of the Clery Act. This document sets forth procedures intended to ensure Pueblo Community College's ongoing compliance with the Clery Act's crime and fire reporting and disclosure obligations.

DEFINITIONS USED

When used in this document the following words and phrases are defined as follows:

Annual Security Report (ASR): An annual report published by the College, the ASR informs the College community about important policies, procedures, crime prevention programs, including crime statistics for the previous three (3) years for reported Clery crimes that occurred on campus property, non-campus property, or public property of the College (see definitions below). This includes but is not limited to: statistics for Clery crimes by type, location and year; arrests, and referrals for disciplinary action for any of the following: (a) liquor law violations, (b) drug law violations, and (c) carrying and possessing illegal weapons; campus safety and security-related policy statements that address crime reporting and prevention; law enforcement databases of registered sex offenders; drug, alcohol and sex offenses; procedures for issuing timely warnings to campus of potentially dangerous criminal and emergency situations, and campus evacuation procedures. The ASR also contains information about the College's drug and alcohol policies found in [Appendix A](#) to this policy.

The ASR is available online at the following [site](#), and in a printed booklet available to anyone requesting a copy from the PCC Police Department or the Office of the Chief Student Services Officer.

On-Campus Property: Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, the institution’s educational purposes, including residence halls; and any building or property that is within or reasonably contiguous to the area identified in paragraph (1) of this definition, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

Business Day: A business day is Monday through Friday, except for days when the institution is closed (for example, closed for holidays or other scheduled breaks).

Campus Security Authorities (CSAs): Pueblo Community College encourages all criminal incidents be reported to law enforcement. Students may also report a crime to a Campus Security Authority who is responsible for forwarding non-identifying information to the PCC Police Department for inclusion in the Annual Security Report, regardless of whether the victim chooses to file a report with law enforcement. CSAs are defined by Clery as “someone who has significant responsibility for students and campus activities”. The following are a few **examples** of CSAs:

Club Sponsors
Department of Public Safety
Disability Resources and Services Staff
Student Life Staff

Chief Student Services Officer
Department Chairs
Advisors
Title IX Coordinators

Clery Act: The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998, a federal law that requires colleges and universities to disclose information about crime on and around their campuses and to provide other safety and crime information to members of the campus community. Amended in 2013 with the passage of the Violence Against Women Reauthorization Act (VAWA 2013), including provisions of the Campus Sexual Violence Elimination Act (Campus SaVE Act), the Clery Act now requires reporting of crime statistics for dating violence, domestic violence, and stalking. The Clery Act is codified at [20 U.S. Code § 1092\(f\)](#) and its implementing regulations are found in [34 C.F.R. §§ 668.41\(e\) and 668.46](#).

Clery Crimes: Crimes required by the Clery Act to be reported to the College community, includes: criminal homicide (murder and negligent/non-negligent manslaughter); sex offenses; robbery; aggravated assault; burglary; motor vehicle theft; arson; hate crimes; dating violence; domestic violence; and stalking.

Daily Crime Log: A log maintained by the PCC Police Department of all alleged criminal incidents reported to the PCC Police. Incidents are recorded in the Daily Crime Log with the date and time the alleged crime is reported, the date and time the alleged crime occurred, the nature of the alleged crime, and its general location. The Daily Crime Log may be found in the following [site](#).

Emergency Notification: An announcement to inform the campus community about a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus. An Emergency Notification is different from a Timely Warning (see below), as it includes both Clery crimes and other types of emergencies, (e.g., fire, infectious disease outbreak, terrorist attack, natural disaster, weather emergency).

Hate Crimes: Clery crimes and any incidents of larceny-theft, simple assault, intimidation, or destruction, damage, or vandalism of property that are motivated by bias toward race, gender, religion, sexual orientation, ethnicity/national origin, and disability.

Non-Campus Property: Any building or property owned or controlled by a student organization that is officially recognized by the institution, and any building or property owned or controlled by the College that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution. Non-campus property may be located anywhere in the world.

Professional Counselor: An individual whose responsibilities include providing mental health counseling to members of the College community and who are functioning within the scope of their professional license or certification. Professional Counselors, when acting in that capacity, are not Campus Security Authorities.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities (not owned by the college), that is within the campus, or immediately adjacent to and accessible from the campus.

Timely Warning: An announcement made to alert the campus community about Clery Crimes in the event that there is an ongoing threat to the safety of students or employees. For purposes of this policy, "timely" means as soon as reasonably practicable after an incident has been reported to Campus Security Authorities.

4. Issue an Emergency Notification to alert and inform the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.
5. Maintain a Daily Crime Log of all crimes reported. This log will be available for public inspection, upon request at the PCC Police Department or the Office of the Chief Student Services Officer.

CLERY COMPLIANCE COMMITTEE

The college president shall appoint members from varied college divisions that have responsibilities for Clery Act compliance to serve on the Clery Compliance Committee .

The Clery Compliance Committee is charged with a primary function of identifying and evaluating processes, procedures, and practices to manage compliance with the Clery Act.

The Committee is also responsible for assigning the development of each policy statement requirement to the appropriate department and for reviewing the policy statements for accuracy prior to publication of the Annual Security and Fire Safety Report.

The college will offer annual training to the Clery Compliance Committee members in order to remain current of the Clery Act and how it applies to PCC.

PUBLISH ANNUAL SECURITY REPORT

Refer to the definitions section contained in this document for a full description for publishing the Annual Security Report. This report is updated yearly by the Clery Compliance Committee.

Notifications to the Campus Community of Crimes and Emergencies

In certain situations or incidents the college will issue a Timely Warning or Emergency Notification. When the College determines a Timely Warning or Emergency Notification will be issued the following methods may be utilized to deliver the message:

- Cisco phone intercom system
- Transmitting messages to PCC computers (Lynx's system)
- Informational television system
- myPCC Alert (e-mail, text (SMS), and/or voice/voicemail to individual cell and/home phones)

In all Emergency Notifications, the College will ensure the names of crime victims are not publicly disclosed. Other information from which a crime victim could reasonably be identified will be omitted or redacted from the Emergency Notification.

The College will test its emergency notification systems periodically (usually three (3) times per year). The testing notification system is steered by the Chief of Police, his/her designee, and/or the CEMTeam.

Students and employees are strongly encouraged to download myPCC Alert, which is the official mobile communication/safety app of Pueblo Community College. Students and employees are automatically enrolled to receive emergency text messages to the number they provide the college when employed or enrolled in the college. Students and employees should periodically check to make sure that their mobile number in the system is correct. This information can be verified logging onto the PCC Portal and going to myPCC Alert.

TIMELY WARNINGS

Whenever a Clery Crime has been reported and it is determined that an ongoing threat to the safety of students or employees exists, the College will issue a Timely Warning. Timely Warnings may be issued by any reasonable means of communication to the campus community, but, most commonly, will be made through the PCC email system, the myPCC text alert system, and on one or more of the College's social media sites. All crimes should be immediately reported to the PCC Police Department (PCCPD) so that an evaluation can be made as to whether a timely warning is warranted. In Timely Warnings, the College will assure that the names of crime victims are not publicly disclosed.

The College will follow certain procedures in determining whether or not a Timely Warning will be issued. Once the initial report of a Clery crime has been received, the PCCPD will contact the Chief Business Officer and/or the College President if the Chief Business Officer is unavailable to receive information about the crime and any ongoing threat to safety that may exist in connection with the crime. If either agrees that a Timely Warning should be issued, it will be issued promptly. In the event that PCCPD personnel are unable to contact the Chief Business Officer or President in a timely fashion, the Chief of the PCC Police Department, or an officer acting with the Chief's authorization, may issue the Timely Warning.

EMERGENCY NOTIFICATIONS

Whenever it is confirmed by the College that a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees is occurring on or nearby the campus (or other place where the Clery Act applies to PCC), the College will issue an Emergency Notification. The Emergency Notification is issued immediately upon confirmation that a dangerous situation, threat, or emergency exists.

The decision to issue an Emergency Notification may be made by the Chief of PCC Police, an officer expressly authorized by the Chief of PCC Police, the Chief Business Officer, or the PCC President. Because of the urgent nature of these notices, the College's primary objective will be to confirm whether or not such emergency conditions exist as quickly as possible, determine the content of the notification, and issue the notification without delay.

The kinds of situations in which an Emergency Notification would be issued include (but are not limited to):

- Outbreak of infectious disease such as meningitis, norovirus or other serious illness
- Approaching tornado, hurricane or other extreme weather conditions
- Earthquake
- Gas leak or chemical spill
- Terrorist incident
- Armed intruder/Active Killer
- Bomb threat

- Civil unrest, rioting or campus protest
- Explosion or large fire

SAFETY ALERTS, GENERAL SAFETY INFORMATION

On occasion, important information about safety and security of the campus community may be communicated by the College, but the circumstances may not warrant the issuance of either a Timely Warning or an Emergency Notification. When these circumstances arise, PCC may issue safety alerts. These alerts are not required by law but will serve to inform the campus community of safety threats.

General safety information also found on the Pueblo Community College Police Department [website](#).

DAILY CRIME LOG

The Pueblo Community College Police Department provides to the Assistant of the Chief of Student Services Officer a daily report of criminal incidents and alleged criminal incidents. The Assistant of the Chief of Student Services Officer saves this report on the PCC “U” Drive (Daily Crime Logs) and provides the information to the Webmaster who posts the information on the Pueblo Community College website. A printed copy of the crime log may be obtained from the Pueblo Community College Police Department. Any changes to the disposition of a reported incident or alleged incident are updated within two (2) business days of the change following the above process. The college police provides reports for holidays, weekends, and other scheduled breaks on the next business day. The Daily Crime Log is found at the following [site](#).

HOW CLERY CRIME STATISTICS ARE PREPARED AND DISCLOSED

Each year, the PCC Police Department gathers Clery Crime statistics for purposes of compiling the disclosures required by law. These statistics are then reported as required to the U.S. Department of Education and published in the annual ASR. The statistics are compiled from CSA reports, the Pueblo Police Department, Cañon City Police Department, Montezuma County Sheriff’s Office, the Durango Police Department as well as the PCC Police Department. Each year the Chief Student Services Officer through the Assistant to the Chief Student Services Officer will make a “reasonable, good-faith effort” to obtain Clery Act crime statistics from all local law enforcement agencies having jurisdiction as defined by the Clery Act and enter the statistics into the U.S Department of Education’s website no later than October 1. All Clery Act statistical records are retained in the office of Chief Student Services Officer.

The ASR shall include the total number of disciplinary referrals for weapons law violations, drug law violations, and liquor law violations.

CAMPUS SECURITY AUTHORITIES (CSAs)

The Clery Act makes provision to identify a number of college employees "Campus Security Authorities" (CSAs) with specific responsibilities for reporting Clery Crimes. CSAs are college employees involved in any aspect of campus security and safety, student services, or direct interaction with students as part of their assigned duties, CSAs will review the Notice to Campus Security Authorities document listed in the References section. Please contact the office of the Chief Student Services Officer on any CSA questions.

The College identifies Campus Security Authorities by examining the job descriptions of employees to determine whether they are expected, as part of their duties, to have security responsibilities or significant responsibilities for student or campus activities. All identified CSAs are notified and trained annually of their responsibilities. The Office of the Chief Student Services Officer maintains a list of CSAs, sends online training, and retains training records.

Campus Security Authorities are required to promptly report to the PCC Police Department information of alleged crimes that they witness or that are reported in good faith by others. A crime must be "reported" when it is brought to the attention of a CSA or local law enforcement personnel by a victim, witness, other third party, or the offender. It doesn't matter whether or not the individuals involved in the crime, or reporting the crime, are associated with the College.

CLERY ACT TRAINING

PCC Human Resource Department provides on-line Clery Act training to all new employees and biannual training to all college employees thereafter addressing the obligations of the Clery Act.

ADJUDICATION OF SEXUAL MISCONDUCT VIOLATIONS

Regardless of whether criminal charges are being sought, a person, or the College on behalf of a person, must report a complaint under the Civil Rights Grievance and Investigation Process. If the respondent to a complaint is a Colorado Community College System (CCCS) employee (which includes student hourly and work study employees), authorized volunteer(s), guest(s), or visitor(s), SP 3-50b will apply. If the respondent is a student, [SP 4-31a](#) applies. Reports of all domestic violence, dating violence, sexual assault, and stalking made to PCC Police Department will automatically be referred to the Title IX Coordinator for review and investigation when appropriate regardless if the complainant chooses to pursue criminal charges.

The College's civil rights grievance and investigation process, as well as the discipline process, will provide prompt, fair, and impartial investigation and resolution that is:

- Completed within reasonably prompt timeframes, which, pursuant to College procedure, is sixty (60) days. If the college finds it necessary to extend this timeline, it may do so for good cause. The college will provide written notice to the accuser and the accused of the delay and the reason for the delay;
- The processes shall be conducted in a manner that is transparent to the accuser and accused;
- The processes allow for timely notice of meetings at which the accuser or accused, or both, may be present;
- Provides timely access to the accuser, the accused, and appropriate officials to any information that will be used after the fact-finding investigation but during the disciplinary meetings and hearings; and
- Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.

All college officials involved with the investigation and discipline process are trained annually on the Civil Rights Offenses. These employees are taught how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability.

After the civil rights grievance and investigation process is concluded, the findings are shared with the accuser and accused with a right to appeal the findings. Finding will be shared with the disciplinary authority to begin the college's discipline process.

If the accused is an employee, sanction decisions are outlined in:

- For faculty, disciplinary action will be in compliance with [BP 3-20](#).
- For classified employees, disciplinary action will be taken pursuant to the [State Personnel Rules and Regulations](#).
- For administrative and professional/technical employees, there is no specific procedure outlined on discipline; therefore the appointing authority will conduct a prompt, fair and impartial discipline process.
- For authorized volunteers, guests and visitors, there is no specific applicable procedure; therefore the responsible party or designee will conduct a prompt, fair and impartial discipline process.

If the accused is a student, [SP 4-30](#), Student Disciplinary Procedure, applies. The student discipline process, in all cases, provides that:

The accuser and the accused each have the opportunity to meet with the Dean of Students, for students, or the Appointing Authority/Disciplinary Authority, for Colorado Community College System (CCCS) employees, authorized volunteers, guests and visitors;

1. Attend a hearing before a properly trained hearing panel or person;
2. The accuser and the accused each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or hearing.
3. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing. These procedures are entirely administrative in nature and are not considered legal proceedings. The System or College may remove or dismiss an advisor who become disruptive or who does not abide by the restrictions on their participation as explained above.
4. An employee and student conduct decision is based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard. In other words, the conduct process asks: “is it more likely than not that the accused violated State Board for Community Colleges and Occupational Education (SBCCOE) Policy?”
5. The accuser and the accused will be notified simultaneously in writing of the outcome of any disciplinary proceeding, and shall be given the rationale for the discipline decision.
6. When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the College’s ability to respond to the complaint may be limited.

SECURITY OF AND ACCESS TO CAMPUS FACILITIES

Physical security is a critical part of the safety we enjoy at PCC. The Campus Emergency Management Team, Department of Public Safety, and Facilities Management are key partners in maintaining security. These teams meet regularly to ensure prompt repair of safety-related

maintenance issues like door locks, lighting, surveillance systems, etc. Facilities Management reviews all repair orders daily and prioritize for immediate timely review and repair as quickly as possible.

EMERGENCY RESPONSE AND EVACUATION

The College publishes procedures for emergency response and for evacuating the campus, or portions of the campus, when required. Standard Response Protocol procedures and emergency procedure flipchart guides are posted in classrooms and throughout College buildings.

In accordance with Clery Act requirements, the College publishes annual information about the exercises it uses to test its [emergency operations plan](#) in the Annual Security Report (ASR).

DISTRIBUTION OF THE ANNUAL SECURITY REPORT (ASR)

The Chief Student Services Officer or designee will publish the ASR by October 1 of each year. Every student and employee will receive notice of its availability by email! The email notice will contain a summary of the report, the URL of the location where PCC community members may view the report, and instructions on how to request a printed copy. A similar notice will be provided to every prospective employee and every new student through the Human Resources and Admissions websites.

RECORDS RETENTION

Supporting records used in compiling the ASR shall be retained for three (3) years from the latest publication of the report. Records to be kept include, but are not limited to, copies of crime reports; the daily crime logs; records for arrests and referrals for disciplinary action; Timely Warning and Emergency Notification notices; and other documentation, such as letters to and from local police having to do with Clery Act compliance; letters to and from Campus Security Authorities; correspondence with the Department of Education regarding Clery Act compliance; and copies of notices to students and employees about the availability of the ASR.

PCC POLICE JURISDICTION; AGREEMENTS WITH OTHER LAW ENFORCEMENT AGENCIES

Pueblo Community College maintains its own professional police. The department is staffed with experienced State-Certified peace officers who have been trained in Colorado Peace Officer Standards and Training (P.O.S.T.) procedures. PCC police officers have arrest powers granted by Colorado State Statute (C.R.S. 24-7). The PCC Police Department also employs state security guards who also have the power to arrest while on campus. PCC maintains three (3) campuses and two (2) sites (Pueblo Campus, Fremont Campus, PCC Southwest Site (Durango), PCC Southwest Site (Bayfield), and PCC Southwest Campus (Mancos); all located in the state of

Colorado. The PCC's main campus is located in the City and County of Pueblo and works closely with the Pueblo County Sheriff's Office, and Pueblo Police Department. Memorandums of Understanding are in place with both agencies to assist and provide immediate mutual aid assistance. The Fremont campus located in Cañon City is staffed with a state-certified peace officer and security guard. A Memorandum of Understanding (MOU) is in place with the Cañon City Police Department to provide additional law enforcement services as needed. The PCC Southwest Campus (Mancos) and PCC Southwest Site (Durango) are staffed with private security guards. Law enforcement services are provided by the Durango Police Department for the Durango Site, the Montezuma County Sheriff's Office for the Mancos Campus, and the Marshal's office for the Bayfield Site. MOUs are retained with Chief of Student Services Officer office.
